LIGHTING INCENTIVE APPLICATION FOR EXISTING BUILDINGS

THIS INCENTIVE APPLICATION FORM IS VALID FROM JANUARY 1, 2010 TO JUNE 30, 2010. INCOMPLETE APPLICATIONS WILL BE RETURNED. YOU MAY ALSO COMPLETE AND SUBMIT THIS APPLICATION ONLINE AT WEBFORMS.FOCUSONENERGY.COM/BUSINESSLIGHTING.
Focus incentives are subject to change. Please visit focusonenergy.com/incentives/business to ensure you are using the most current form.

INSTRUCTIONS FOR COMPLETING THIS FORM – PLEASE READ

- The specifications for eligible equipment are listed within each lighting technology on this form. **If the technology you are installing is specified differently than how it is listed on this form, please call to verify eligibility.** Custom incentives are available for many technologies not listed. Some technologies require additional information that must be filled in under “Specifications and Required Information” column. **Replacements are one for one unless specified.**
- This form must accompany an **itemized** invoice with quantity, manufacturer, model number, date and cost for each piece of equipment for which an incentive is expected. High Performance T8 and Low Watt T8 systems require manufacturer and model number for ballast and lamps to appear on invoice. Incomplete applications or invoices will significantly delay processing of incentive. Replaced equipment must be removed from service.
- Outdoor lighting projects are NOT eligible for prescriptive incentives, but may be eligible for custom incentives. ALL CUSTOM INCENTIVES MUST BE APPROVED BY Focus on Energy PRIOR TO EQUIPMENT PURCHASE.
- Post installation light levels are expected to meet current IESNA recommendations and comply with all applicable electrical, safety and energy codes. Fixtures must be UL listed.
- Dairy and Livestock Lighting Incentive Requirements: All fixtures installed in animal housing or milk house area must conform to National Electric Code 547 (i.e. wet location, sealed and gasketed fixtures).

LIGHTING TECHNOLOGIES – THIS FORM IS USED FOR EXISTING BUILDINGS ONLY. Please fill in blanks for all items you are requesting an incentive for.

PROGRAM INFORMATION AND REQUIREMENTS

INCENTIVE LIMIT

Cash incentives are limited to \$350,000 per project and \$750,000 per customer in a calendar year for all Focus on Energy incentives (prescriptive and custom). Any project with an expected incentive exceeding \$25,000 must receive written approval BEFORE project initiation or equipment purchase.

PRESCRIPTIVE INCENTIVES

Cash incentives are available for a variety of technologies. Check the Focus on Energy Web site at focusonenergy.com/incentives/business or call 800.762.7077, then press #2 for more information. Depending on your business tax classification, the IRS may require you to pay taxes on incentives totaling over \$600 per calendar year.

CUSTOM INCENTIVES

If your project does not fit the descriptions on this prescriptive incentive application form, it may qualify for a custom incentive which requires approval prior to project initiation and ordering equipment or issuing purchase orders. Direct inquiries to 800.762.7077 then press #2 for Business Programs, or visit focusonenergy.com.

TERMS & CONDITIONS

- Incentive Offer:** This application covers products purchased and installed/service performed between January 1, 2010 and June 30, 2010. Applications must be submitted within 30 calendar days of project installation and no later than June 30, 2010, unless an earlier date is specified by a Focus on Energy promotion. Please keep a copy for your records. Incomplete applications will be returned.
- Proof of Purchase:** This application must have complete information and be submitted with an invoice itemizing the product(s) and/or service(s) received. See the requirements section of this application for more details. Sample invoices are provided at focusonenergy.com/sampleinvoice.
- Compliance:**
 - All projects are expected to comply with federal, state and local codes.
 - All equipment must be new. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed.
 - Equipment must meet specification requirements and be purchased and operating prior to submitting an incentive application form.
 - Only one incentive will be granted for each project. Incentives granted to contractors, distributors or other market providers cannot also be claimed by end-use customers.
- Payment:** Once completed paperwork is submitted, incentive payments are made within 6–8 weeks. Incomplete applications will be returned.
- Inspection:** Program staff may conduct an inspection of the facility to survey the installed projects.
- Publicity:** Focus on Energy reserves the right to publicize your participation in this program, unless you specifically request otherwise in writing. Requests should be emailed to bpforms@weccusa.org.
- Program Discretion:** Incentives are available on a first-come, first-served basis. This offer is subject to change or termination without notice at the discretion of the Focus on Energy Program.
- Focus Logo:** Customers or market providers may not use the Focus on Energy name or logo in any marketing, advertising or promotional materials without prior written permission.
- Disclaimers:** Focus on Energy
 - Does not endorse any particular market provider, manufacturer, product, labor or system design by offering this program;
 - Will not be responsible for any tax liability imposed on the customer as a result of the payment of incentives;
 - Does not expressly or implicitly warrant the performance of installed equipment or contractor's quality of work (contact your contractor for detailed warranties);
 - Is not responsible for the proper disposal/recycling of any waste generated as a result of this project; and
 - Is not liable for any damage caused by the installation of the equipment or for any damage caused by the malfunction of the installed equipment.
- Verification:** Any customer receiving an incentive check may be contacted by an evaluator to verify service/equipment installation or be asked to complete a customer survey.

UTILITY ELIGIBILITY

Incentives for specific technologies are offered by Focus on Energy to business customers including commercial, industrial, state, federal and local governments, agricultural, and schools/institutions with locations in Wisconsin. Customers of a participating electric provider are eligible for electric technology incentives only. Customers of natural gas providers are eligible for gas savings technology incentives only. Customers who have both a participating electric provider and a participating natural gas provider could qualify for all incentives. To determine eligibility, visit the Focus on Energy Web site at focusonenergy.com/utilities.

MARKET PROVIDER INFORMATION

A market provider represents the company who provided/installed the equipment for your project or performed the service for which you are seeking an incentive. The FEIN and Business Classification of the market provider is required **IF** you received your incentive as a credit on your invoice, whereby the incentive is owed to the market provider. In this scenario, the credit must be clearly labeled as the Focus on Energy incentive and deducted from the amount due.

If your project was completed by more than one market provider (example, equipment was purchased from one market provider but installed by another market provider) and the incentive is being paid to you the customer, please enter the information of the market provider who installed your equipment in Section 4: Market Provider Information. If the equipment was self-installed, please enter the information of the market provider from whom you purchased the equipment.

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not get completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas.
